Mr. Hakopiants

My wife and I own a small apartment building On Monroe St. in District 13. We are requesting assistance with a homeless encampment on the corner of Monroe Street and Madison Avenue. While we are sensitive to the plight of the homeless, we are starting to receive complaints from tenants that they no longer feel safe. Apparently some of the homeless regularly appear to be under the influence of drugs or alcohol, and harassing area residents.

Can you please advise what is being done to relocate these homeless to proper shelters? Thank you.
